Description

Nestled on a 1/2-acre lot, this brick ranch blends timeless charm with modern upgrades. Hardwood floors enhance the main-level layout, where the primary bedroom suite includes a private bath. Two additional bedrooms and a second full bath complete this level. The spacious, light-filled living room features a gas log fireplace and opens to the formal dining room. The kitchen offers a Manor House design with granite countertops, a pantry, and stainless-steel appliances. The lower level provides valuable additional living space, including a generous game room, a bonus/flex room, and a dedicated laundry area. The impressive two-car integral garage is extra deep and includes a workbench and epoxy flooring. Outdoor living shines with a serene backyard view, ideal for entertaining or relaxing. Enjoy the new Trex deck with a retractable awning, a covered porch, and a 12x10 shed perfect for storage or gardening needs.
