## Description

Don't be left out in the cold-this beautifully remodeled 2 bedroom features a flexible loft space with an option for a third bedroom. Behind the 24-hour guard-gated community of prestigious Seacliff on the Greens, lies this tri-level residence offering coastal living within one of Huntington Beach's most sought-after neighborhoods. Residents enjoy multiple community pools, spas, clubhouses, and lush greenbelts, with a nearby gate for easy ocean access and a prime location positioned between the two community pools. Situated near The Huntington Club and just minutes from the beach, dining, and local attractions. A welcoming front patio and deck lead inside to a thoughtfully designed floor plan featuring a guest bathroom upon entry and an attached oversized two-car garage with motion-sensor lighting and EV charger plug-in readiness. The main living space offers a gas fireplace and custom wet bar, perfect for both relaxed evenings and entertaining. A formal dining area and additional living space flow seamlessly off the remodeled kitchen, which offers cherrywood soft-close cabinetry, granite countertops, premium appliances, and bar seating. Upstairs, a light-filled loft provides flexible space for a home office, seating area, or can easily be converted into a third bedroom with its own private deck. The primary bedroom offers 2 walk-in closets with built-in organizers. The attached primary bath has been remodeled with an expanded walk-in tiled shower with dual shower heads, quartz countertops, hot tool drawer organizers and private toilet room. Additional features include engineered wood flooring, dual-pane windows, custom shutters, central A/C, a water softening system, and multiple outdoor decks designed to enjoy the coastal breeze.
