Description

Welcome to this charming bungalow-style home, a rare find with timeless character throughout. From the arched front entry door to the architectural archways in the main living space, this home offers warmth and classic appeal. While NEW CARPETING has just been laid throughout the entire main level and up the stairs to the 2nd floor (not reflected in photos), hardwood flooring does lie beneath. The sun-filled living room boasts abundant natural light and a clear line of sight into the kitchen, creating a comfortable and connected layout. Both main-floor bedrooms feature 2 windows, along with lighted ceiling fans, while the centrally located full bathroom adds everyday convenience. Upstairs, you'll find a spacious third bedroom or flexible living area. The lower level offers even more versatility with a finished game room and half bath. Enjoy outdoor living in the nicely sized, fully fenced backyard, accessible from the kitchen, or relax on the covered front porch. Located near major highways, amenities, and a bus line, this home blends charm, comfort, and accessibility.
