Description

Welcome to 1044 18th Avenue, a meticulously renovated and maintained 3-bedroom, 1.5-bath home that sets the standard for quality and care. Completely transformed from top to bottom in 2020, this stunning property has been lovingly updated and maintained to the highest standards by its current owners. This isn't just another renovated home " it's a showcase property featured in online maintenance tutorials, demonstrating exceptional care and attention to detail. Step inside to discover newly refinished hardwood flooring, a recently remodeled powder room, and functional pantry. The updated peninsula features built-in microwave and wine refrigerator, while the custom bar area is perfect for entertaining. Modern conveniences include smart lock, smart doorbell, Simpli Safe security system with outdoor cameras, Google Home-integrated lighting, water softener, and in-kitchen water purifier. The well-manicured, privately fenced backyard is your personal oasis with built-in fire pit and louvered pergola (installed June 2025). Recent upgrades include new driveway, French drain and sump pump in basement, and fully insulated attic for energy efficiency. Close distance to transportation with easy access to highways and Seton Hall University, this turnkey home offers the rare opportunity to own a property where every detail has been professionally executed.
