Description

Nestled on a quiet cul-de-sac in the highly sought-after Talamore community, this exceptional European-designed luxury estate sits on over 4 acres. Often described as a French Country Craftsman, the home offers three levels of contemporary elegance, including a full second kitchen and in-law suite at the walk-out basement level. Step outside to a covered patio with a gas fireplace—perfect for entertaining alongside the expansive gunite pool, hot spa, and firepit—all overlooking a serene, forested ravine with a seasonal stream. Standout features include custom dual Y staircase with striking wrought-iron detailing, a wet bar, wine cellar, butler’s pantry, and a “dirty kitchen” prep pantry, along with a host of additional upscale amenities.
