Description

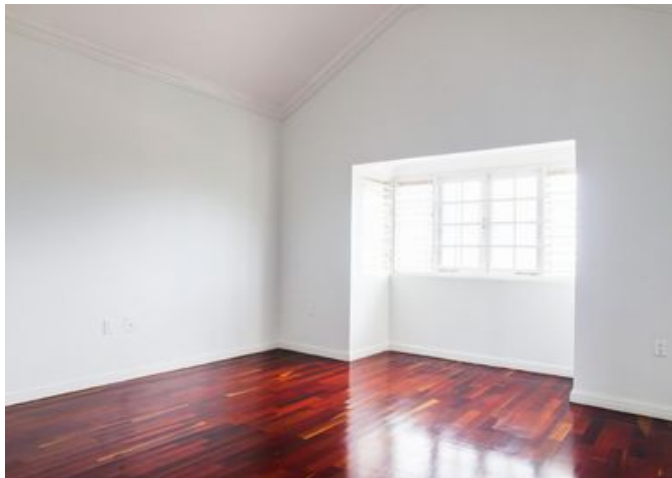

Kingston & St. Andrew Bracknell Estates is one of a kind thanks to its spacious layout and wonderful views of Kingston. This unfurnished 4 bedroom townhouse has been recently renovated and is laid out over 3 levels, with the basement level spanning the width of the house and is big enough to accommodate 2 extra bedrooms. The top floor of the house has the 4 main bedrooms, lined with wood floors and all bedrooms have en-suite bathrooms, plus this level has a home office. There is a balcony off of the primary bedroom with a great view of the city. The primary closet and bathroom are large and have a lot of storage. The main floor of the house has an interior courtyard which allows for a lot of light to permeate through the house. The kitchen, family room, living room, dining room and verandah are all on this level, while the basement is one big open space, with a bathroom and an area that can double as an office or another bedroom. All appliances in this home are brand new and the unit also comes with a dishwasher and a 20,000 gallon water tank. The complex has 24 hour security, a pool and a generator that runs the entire complex. This is an exquisite property. Maintenance is JMD \$85,000.00 monthly.
