Description

If you saw this home before, check it out now! Many updates with New lighting and professionally displayed. Two story with stone & vinyl exterior has 3,400 sqft finished living space and a 3 car side entry garage. Be impressed by the stamped concrete drive and matching stone walkway. Covered entry to Craftsman style door leads to spacious open foyer. New high-end wood-like LVP on 1st floor. French doors to den with a triple window, plantation shutters & crown molding. Great room fully opens to the center island/breakfast bar kitchen and has a gas fireplace with new stone wall accent plus crown. Espresso kitchen has stainless steel appliances & stone backsplash and offers nook, pantry and french doors to a fabulous covered deck. First floor has a flex room now used as TV room, but could be a formal dining room if desired. New Black iron rails on steps upstairs. Primary Bedroom features a double tray ceiling, fan, large walk-in closet and bathroom with 2 vanities, glass & ceramic shower and ceramic surround tub. Three more spacious bedrooms all neutral with fans. Large laundry with washer/dryer. Finished walkout lower level - possible in-law suite or just game room/full kitchen, 5th Bedroom, storage & full bath. Walk out to lower level deck. All on a spacious corner lot. Plus a shed!
