Description

This well-maintained income property offers two dwellings on one lot with a strong history of rental performance. The front residence features 4 bedrooms and 2 bathrooms, while the rear residence offers 2 bedrooms and 1 bathroom. (The back house has 1 bedroom + a den but currently used as a 2nd bedroom.) Major system upgrades were completed in 2012, including new copper plumbing, updated electrical, and a new roof. Fresh exterior paint in 2025 adds to the home's curb appeal and supports long-term maintenance. The property is currently tenant-occupied with dependable tenants in place. Conveniently located near the upcoming Lucas Museum of Narrative Art, California Science Center, Natural History Museum of Los Angeles County, California African American Museum, Exposition Park Rose Garden, USC Fisher Museum of Art, USC, and a nearby Metro subway station.
