Description

Classic Newport Beach coastal chic, designed by acclaimed Newport Beach architect Brion Jeannette, blending timeless elegance with refined sophistication. Thoughtfully curated with warm architectural details throughout. The main level offers three spacious bedrooms, two newly remodeled bathrooms, and a versatile bonus room ideal for an office, media room, or playroom. An elegant winding staircase leads to the upper level where the main living spaces and primary suite await. The chef's kitchen features granite countertops, designer backsplash, and a premium appliance suite. Living and dining areas showcase fireplaces, open-beamed ceilings, and breathtaking harbor and ocean views. The primary suite is a private retreat with water views, his and hers closets, spa-inspired bath with heated floors, and access to a serene deck ideal for enjoying sunset evenings. The backyard is a classic and elegant entertainer's sanctuary, offering one of the largest usable private yards on Kings Road. A sparkling, refreshed pool and spa are complemented by a spacious covered loggia, creating an inviting setting for year-round entertaining, alfresco dining, and relaxed coastal living. Additional highlights include an elevator, dumbwaiter, wine storage, oversized laundry and pantry, central vacuum, and an oversized two-car attached garage. Ideally located in the "Cliff Haven" neighborhood near Fashion Island, the harbor, beaches, dining, bike trails, parks, and recreation-this is Newport living at its finest.
