Description

Welcome to 104-11 Liverpool Street, Jamaica, a detached two-family residence offering space, flexibility, and convenience. This well-maintained property features two separate residential units, providing an excellent opportunity for multi-unit living or investment use. The home includes a full basement with a separate outside entrance, offering additional functional space and accessibility. A full walk-up attic adds further versatility. The property offers a total of 6 bedrooms and 3 bathrooms, thoughtfully distributed across the residence. Additional features include a detached garage, shared driveway, private backyard, and a front porch, enhancing both practicality and outdoor enjoyment. Conveniently located near local amenities, transportation options, and major roadways, this property offers easy access to everyday necessities and surrounding neighborhoods. A solid opportunity for buyers seeking a detached two-family home with multiple living areas and additional space in a well-established residential setting.
