Description

Like-new two-story home on a spacious 0.62-acre lot in one of the area's most desirable locations. This beautifully maintained residence offers modern design, granite countertops, and a functional layout ideal for today's lifestyle. With its open living areas, quality finishes, and turnkey condition, this home delivers the look and feel of new construction without the wait. Enjoy the privacy and flexibility of a large lot perfect for outdoor living, entertaining, or future customization while still being conveniently located near shopping, dining, and major routes. The two-story layout provides excellent separation of space, making it well-suited for both everyday living and hosting guests. Priced attractively, the seller is also offering a \$6,000 buyer credit, which may be used toward closing costs or an interest rate buy-down, adding immediate value and affordability. This is a rare opportunity to secure a move-in-ready home, generous acreage, and financial incentives in a highly sought-after area. Do not wait to schedule a showing today! Home will not last!
