Description

St. Ann This impressive partially three story residence offers a versatile layout ideal for extended families or as an income earning property. The lower level is complete and features one bedroom and one bathroom, with an open concept living and dining area alongside a functional kitchen. The second level is thoughtfully designed with two separate self contained units. One unit offers two bedrooms, two bathrooms, kitchen, living, and dining area perfect for comfortable family living. The other unit mirrors a similar open concept layout with two bedrooms, one bathroom, kitchen, living, and dining areas. The third floor provides tremendous potential, with the structural framework already in place for four bedrooms, four bathrooms, and spacious kitchen, living, and dining areas awaiting your finishing touch to transform it into a stunning upper level suite or additional apartments.
