Description

On a quiet cul-de-sac in Altadena, this four-bedroom Traditional is handsome as can be, clad in board-and-batten and stone. The layout feels wonderfully open, filled with sunlight and anchored by a stone fireplace wall adding texture and warmth. The beautifully updated kitchen presents quartz countertops, stainless appliances, a full tile backsplash, tasteful cabinetry, and floating shelves. Four spacious bedrooms include a tucked-away ensuite primary with an impressive closet system and outdoor access. The private backyard is a wonderful expanse to host friends and family, gather around the fire pit, and dine under the stars. The large detached garage, converted to a recording studio with mini-split heating and cooling, sets the stage for creative use. The fully remediated home includes AC/heat, EV charger, and updated systems. You are a short distance from local favorites Kismet Rotisserie, Home State, Good Neighbor Bar, and more.
