## Description

Highest and Best due by Monday 2/23 Noon. Thanks! This 4 Bedroom, 3.1 Bath house offers more than 3000 square feet of private, updated living space nestled in a scenic, wooded, lakefront setting. The welcoming, bright foyer leads to a spacious, open-concept layout with hardwood oak floors throughout the main floor. The new kitchen cabinets and SS appliances make cooking and informal gatherings a joy, while the brand new composite deck is ready for its first BBQ. The adjoining great room with a soaring tray ceiling and wood or gas burning fireplace is sure to be the heart of your home. The formal dining room and living room are made for festive fun with everyone, while the separate first floor office allows you to work remotely in comfort. A separate bedroom and new bath on the lower walkout level along with a rec room/gym space, laundry room, and oodles of storage gives everyone and everything its own place. Upstairs, the primary suite features a large tray-ceiling bedroom and separate sitting room with a bright Palladian window. The primary bath is beautifully updated with custom white marble finishes and European style shower and soaking jetted tub. The second upstairs bath is also updated with modern finishes, and serves two generous bedrooms. The roof was replaced in 2024; heating/cooling systems in 2020 and 2026 (lower level). Very well maintained and updated. The entire interior is freshly painted. Property fronts to Fox Trail Lake.
