Description

Welcome to 5840 Wynnewood Drive in the beautiful Trail View Run subdivision of Grove City. Built in 2022, this stunning Henley plan offers over 2,600 square feet of thoughtfully designed living space with 5 bedrooms and 3 full baths, combining modern finishes, functional design, and incredible value compared to waiting on new construction. This spacious two story home features a first floor guest suite with a full bathroom, perfect for multigenerational living, visitors, or private workspace needs. The open concept main level is enhanced by 9 foot ceilings and luxury vinyl plank flooring throughout, creating a bright and seamless flow. At the heart of the home is the gourmet kitchen, complete with quartz countertops, tile backsplash, trendy cabinet hardware, beautiful cabinetry, and a large eat in area that offers plenty of space for gatherings. The open great room with a fireplace is the perfect place to relax and entertain. At the front of the home, you will find a flex room with double doors, ideal for a private in home office or study. Upstairs features four additional spacious bedrooms along with two full baths, offering both convenience and comfort for everyday living. The full basement is plumbed for a future bathroom and provides endless possibilities for finishing, additional living space, or storage. Step outside to enjoy the lovely concrete patio and one of the most desirable lot features in the community. The backyard backs to mature trees, offering privacy and a peaceful natural setting that is hard to find in newer neighborhoods. Located just minutes from shopping and dining along Stringtown Road, Grove City Town Center, Fryer Park, Pinnacle Golf Club, Mount Carmel Grove City Hospital, and with quick access to I 71 for an easy commute to downtown Columbus, this home delivers both comfort and convenience. Why wait months to build when you can move into a nearly new home now at a discounted price.
