Description

Begin your day in the vaulted primary suite sanctuary, where sunlight pours through the windows as you step into your private sitting room. Mornings unfold in the spa-like bath, complete with a glass-enclosed tile shower, before heading downstairs via one of two graceful staircases, hardwood floors warm beneath your feet. In the pristine gourmet kitchen, plans for the evening take shape around the center island while you look out across 1.8 peaceful acres. As friends arrive, conversation flows effortlessly from the chef's kitchen into the soaring two-story great room, anchored by a dramatic floor-to-ceiling stone fireplace. Others drift outside to the brand new composite deck, soaking in sunset views from this quiet hilltop cul-de-sac setting. Dinner is served in the banquet-sized dining room, laughter carrying up to the balcony above. Later, retreat to the private main-floor library while guests explore the thoughtfully designed bedroom suites upstairs, including a princess suite and a convenient Jack and Jill bath. A third level awaiting completion offers the opportunity to create an entire additional living suite. Constructed in 2008, this impeccably maintained custom Colonial combines quality craftsmanship with the added security of a whole-house generator. With its Hardiplank and stone exterior, oversized three car garage, and walk-out basement ready for future pool dreams, this is not just a home. It's a pristine everyday escape where luxury living feels effortless.
