Description

Welcome home! This better than new 2024 4/3 home backs up to a WD canal for additional privacy. Walking into the large great room you are taken in by the high ceilings and large windows which let in plenty of natural light. The 2110 SQ. ft floor plan features 3 bedrooms and 2 full baths on 1 side and a large owners suite on the other. A large kitchen island allows for easy access to the great room, dining area and covered patio. Great for entertaining and plenty of room for a pool! The newly installed large porcelain tile gives the house a clean consistent feeling.
