Description

Don't miss out on this awesome 4 bedroom, 3 1/2 bath home in Majestic Hills. When you enter the welcoming foyer, you'll notice the attention to detail. Glass French doors lead to the office space. Move down the hall to a flex space. It can be a dining room or its present use as a TV room. The heart of the home is in the rear of the house. The spacious family room has recessed lights, an electric fireplace and abundant natural light. It opens to a dinette and the gourmet kitchen with plenty of white cabinets, quartz countertops, ceramic tile backsplash, an island with seating, stainless steel appliances and a pantry. A half bath and a mudroom off the two car attached garage round out the first floor. Head upstairs. Imagine curling up with good book in the spacious loft. The very large owner's suite has two walk-in closets, an ensuite bath with double bowled sinks, a walk-in shower and a soaking tub. There are also three nice sized bedrooms with good closet space, a full hall bath, AND a 2nd floor laundry. How convenient!!! Retreat to the beautifully finished lower level to cheer on your favorite team. Or if you up for a work-out there's additional space for a home gym or whatever fits your lifestyle, PLUS a full bath, and a large separate storage room. The outside is equally as impressive with a HUGE composite deck and fenced yard. You'll appreciate the care of this lovely property. The monthly HOA covers the community pool.
