Description

Welcome to your hidden foothills retreat tucked away in a private cul-de-sac. Breathtaking views from every window bring the beauty of the high desert into your home. Tongue and groove wood beam ceilings are anchored by sophisticated, timeless travertine tile. Meals prepared in your modern updated kitchen will become memorable events. The Primary retreat yields more incredible views; ensuite features a granite-topped dual sink vanity, glass shower, and walk-in closet. Tankless water heater provides endless comfort. The mountains are an impressive backdrop to outdoor gatherings on the patios, lawn area, and cookouts on the KitchenAid grill under the pergola. Evenings soaking in the hot tub while savoring majestic views will remind you why you chose this special place to call home.
