Description

Positioned on one of the largest lots along sought-after Kings Road, this rare Newport Beach offering is defined by exceptional privacy, space, and views. From its elevated second level, the residence captures sweeping harbor, ocean, and Catalina Island views, a view that is increasingly rare in this coastal enclave. The multilevel home is filled with natural light, creating a bright and welcoming atmosphere throughout. A breakfast nook overlooks the backyard and pool, while the main level also features a primary bedroom with a walk-in closet, a spacious full bath with dual sinks, and a dedicated laundry room. Designed to embrace Southern California's indoor-outdoor lifestyle, the grounds are anchored by an inground gunite pool and spa enhanced with new plaster and tile. A detached pool cabana with a changing room and a 3/4 bath adds resort-style functionality for entertaining or relaxed weekends at home. The backyard offers generous space to gather and host year-round. Upstairs, a second living area with vaulted ceilings, a wet bar, and picturesque views provides an inviting place to unwind. Three additional bedrooms and two bathrooms complete the upper level, including a main bedroom with an ensuite bath and walk-in closet. A two-car garage adds everyday convenience, while the expansive lot offers a level of space rarely available in the area, all just moments from the bay and nearby beaches. A rare opportunity to enjoy panoramic views and coastal living in one of Newport Beach's most sought-after neighborhoods.
