This substantial five-bedroom residence combines timeless period-inspired architecture with the benefits of contemporary construction, offering 2,099 sq ft of beautifully appointed living space arranged over three floors. The ground floor has been designed with modern family living and entertaining in mind. At the heart of the home lies an impressive open-plan kitchen, dining and living space, flooded with natural light through large glazed openings that connect seamlessly to the private landscaped garden. The contemporary German-style kitchen features soft-closing cabinetry in graphite and off-white finishes, quartz worktops, and a generous island unit, complemented by integrated Miele Pureline appliances including a single oven, combination microwave, four-zone induction hob, and Bosch dishwasher. A Quooker boiling water tap and wine cooler complete this exceptional specification. A separate formal living room with bay window and bioethanol fireplace provides versatility as a second reception or media room, while a guest cloakroom completes this floor. The first floor is dedicated to the principal suite and a generous second bedroom, both benefiting from elevated views across Ealing Common. The principal suite features a bay window, built-in wardrobes, and a luxurious en-suite bathroom with freestanding bathtub, separate shower, double vanity, and designer tiling throughout. The second bedroom also enjoys an en-suite with contemporary sanitaryware and wall-hung WC. Three further well-proportioned bedrooms are arranged on the second floor, including a spacious double bedroom to the front, and two additional bedrooms. A family bathroom with luxury tiled finishes and a separate utility room complete this floor. Externally, the property benefits from off-street block-paved parking, a landscaped garden laid to lawn with patio area, outdoor kitchen, and external power and lighting—perfect for alfresco entertaining. Perimeter fencing ensures privacy and security. Outside The beautifully landscaped private garden at The Leopold has been thoughtfully designed as an outdoor sanctuary that seamlessly extends your living space. Featuring a professionally laid lawn complemented by generous patio areas, the garden is perfect for both relaxation and entertaining. A standout feature is the bespoke outdoor kitchen, ideal for al fresco dining and summer gatherings, which connects effortlessly to the interior through expansive bi-fold doors from the open-plan living area. Practical touches include an external tap and power socket, elegant entrance and patio lighting, and secure perimeter fencing for complete privacy. The garden has been future-proofed with pre-installed wiring and plumbing for a potential garden room, offering exciting possibilities for a home office, studio, or leisure space.
