Description

A large property with distant sea views and a good size garden. Built in 2002, Mira Vista is a spacious, detached property in a 1781m² plot of land. The house is currently in need of completion, with all electric, plumbing and heating pipes in place. The front garden leads up to the house, with the main entrance leading into a large kitchen/dining area, and a living room complete with open fire place and patio windows leading out to the terrace. The terrace overlooks the surrounding mountains towards the sea in the distance. Also on the ground floor, at the other end of the house, a corridor leads to two bedrooms and a large family bathroom. Stairs leads to the upper level where there are a further two bedroom and bathrooms. The main bedrooms lead out to a covered balcony and a another large terrace looking out over the views. Finally, the property also has a large 110m² basement, with an open plan layout. Amenities and the beach are a short drive away and the airport of Corfu town approximately 45km. The property would make a lovely year-round family home, or a holiday property with good rental potential.
