Description

A large villa with private swimming pool, extensive grounds and lovely views, located in a prestigious part of the island. This sophisticated property is currently undergoing a complete revamp, due to be completed in the summer of 2026. Once completed, the villa will offer nine bedrooms, ten bathrooms and spacious living areas opening out to the covered terraces looking out over the property grounds and the views ahead. Additionally, there are extra rooms which could be turned into auxiliary spaces such as a gym, cinema room, storage rooms etc. The grounds outside are to be meticulously landscaped, making the most of the peaceful surroundings and lovely views towards Corfu Town and the marina at Gouvia.
