## Description

PortlandThis 124-acre property is located in the quaint, lush parish of Portland Parish on Jamaica's northeastern coast—an area known for its strong tourism appeal. The land is well-suited for a residential housing development, surrounded by rich greenery and natural beauty. Previous Nepa approval was granted for a 40-acre section, providing a solid foundation for future development. This project has the potential to attract Jamaicans living overseas who are seeking a peaceful, scenic environment to call home, all within close proximity to the town of Port Antonio. Portland is renowned for its many attractions, including rafting, Somerset Falls, and several beautiful beaches. Notable highlights also include the iconic Blue Lagoon and the Port Antonio Marina, making the area highly desirable for both residents and visitors.
