Description

St. Croix Surrounded by towering bamboo and lush tropical greenery, this hideaway sits just five minutes east of Christiansted - close to everything, but feeling like your own private forest retreat. The two bedroom, one bath wood-frame main house offers a screened living porch, skylights, and over 800 sq ft of deck space to breathe it all in. A separate one bedroom apartment has been a proven rental for years. Generator, well, and cistern keep the property fully self-sufficient. A converted container on site adds flexible bonus space - extra living, office, or studio. Private, peaceful, and genuinely one of a kind.
