Description

A centrally located property with a large, well-established garden, featuring three bedrooms and a large attic space. Felicity is the type of property we are often asked for - a detached house in a large garden, with convenient access to amenities and beaches. The property is surrounded by garden on all sides, with gate leading into the driveway in front of the house. Steps lead up to the covered verandah which encircles the property ensuring shady sitting areas at all times of the day. The front door leads into a very large room with a sitting room to one side, and the kitchen and dining area at the other end of the room. Multiple windows let in ample light and balcony doors lead out to the covered terrace. Wooden beams add character to the room and the fireplace in the sitting room provides heat during the colder months, as well as central heating throughout the house. A hallway leads to the three double bedrooms, one of which has an ensuite shower room as well as a separate family bathroom. There is a large attic space accessed via a dropdown staircase from the hallway which is currently used as storage, but could be converted into further living space. Outside the grounds are mainly quite flat, with a slightly elevated area behind the house. The grounds are fully fenced, and there is ample space to add a pool and pretty outdoor seating and dining areas.
