Description

In Vitta Nature, a community where short-term rentals are welcomed, this ground-floor apartment offers a calm, contemporary base on the Costa del Sol. It sits within a residential enclave surrounded by greenery, giving it a gentle, unhurried atmosphere while still keeping you close to the coast and everyday amenities. Inside, the layout feels balanced and intuitive, with two comfortable bedrooms, two stylish bathrooms and an open living area that brings together the kitchen, dining space and lounge in one bright, fluid environment. The home also includes an underground parking space and a storage room, adding the kind of practical touches that make life easier. The terrace is where the property truly opens up. Spanning fifty square metres and facing south, it becomes a private outdoor extension of the home, catching the sun from morning to evening. From here, the views stretch across the gardens and pool, with the sea appearing in the distance. It's a space that naturally invites slow mornings, outdoor meals and relaxed evenings, giving the apartment a strong sense of Mediterranean living. The development itself is designed for comfort and wellbeing. A pine forest borders the community, creating a peaceful backdrop, while residents can enjoy several outdoor pools, an indoor heated pool, a gym, spa facilities, paddle courts and landscaped gardens. It feels like a place created for people who value tranquillity but still want access to leisure and wellness facilities throughout the year. Its position within Mijas adds another layer of appeal. Fuengirola and its beaches are only a short drive away, and Marbella and Puerto Banús remain within easy reach for days or evenings out. Málaga airport and the city centre are close enough to make travel simple. Local bars and restaurants are within walking distance, and La Cala de Mijas, with its lively beachfront atmosphere, is just a few minutes away by car. Golfers will appreciate being near Chaparral Golf Club, with many other courses scattered along the coast. Altogether, this apartment offers a relaxed, modern lifestyle in a setting that blends nature, convenience and strong rental potential, making it an appealing choice for both personal enjoyment and investment.
