Nestled in the Quinta da Boavista Resort and Spa, in the newest condominium, on the highest part of the development, Bayview Village, we present this magnificent 2-bedroom apartment with an impressive view of the golf course, the sea, the mountains and the town of Lagos. It is located on the 1st and top floor of a 2-storey building with only 4 apartments and a shared garage where each co-owner has at their disposal a large private parking space and a large private secure storage. The whole was inaugurated in 2019. Boasting beautiful luxury finishes and equipped with the best amenities — domotics, video intercom with image recording, alarm system, solar panels for hot water — this apartment offers all the modern comforts one expects from a high-quality construction. With dual South-East / West exposure and excellent sun exposure on the large terrace offering superb views over the bay of Lagos, the property is equipped with air conditioning in all rooms, underfloor heating in the bathrooms, double glazing with excellent thermal insulation and electric shutters, resulting in an energy efficiency rating of A. It comprises a large open-plan living/dining room with the kitchen featuring a high-quality central island which separates the spaces while providing additional storage and can serve as a breakfast bar. This room opens onto a large south-southeast facing terrace where you can enjoy outdoor meals protected from the sun by electric awnings, from which you can enjoy the fantastic open view of the golf and Lagos Bay. On the other side, two large bedrooms with built-in wardrobes, one of which has an en-suite bathroom with bathtub. The second bathroom of the apartment has a walk-in shower, with electric towel rails in both bathrooms. Bayview Village is a luxury condominium which has its own leisure centre, Bayfitness, exclusive to residents, consisting of a large heated outdoor pool, heated indoor pool, sauna, hammam, gym, games room, reading room, changing rooms — making it a very pleasant place to live and ideal for return on investment if the idea is to make it a rental property. As owner, you will benefit from significant discounts the resort facilities (SPA, gym, restaurants, bar, ...) This is an excellent product combining luxury and comfort in a secure, natural space that you cannot miss.
