Description

A property consisting of three seaview apartments with a garden and easy access to the resorts of the NE coast. This versatile property currently consists of three individual apartments, two on the ground floor and one on the upper level. All of them have access to sea view terraces and offer great opportunities either as separate accommodations or one large house. The ground floor is divided into two studios, each one measuring approximately 30m². The layout is open plan, with a kitchenette and sitting area, a double bed and shower room. Upstairs is a larger 65m² apartment. This part offers a modern, fully equipped kitchen, a sitting/dining area, two bedrooms and a shower room. The terrace spans the length of the property and has wonderful views. There is also a useful storage room at the back of the house measuring 25m². The upstairs apartments has air conditioning and central heating installed throughout, whilst the downstairs units have air conditioning and piping in place to add central heating. Outside, there is a private garden offering a quiet place to relax and unwind. With careful planning a small plunge pool or jacuzzi could be added. The nearest beach is Nissaki, a quick 5 minute drive away, offering lovely seaside tavernas and shops. Corfu Town is a little less than a half-hour drive, as is the well-known harbour town of Kassiopi.
