## Description

**\*\*\*REDUCED JUNE 2026\*\*\*** The sea is the first thing you notice here — its sound, its light, its presence. This frontline apartment sits so close to the Mediterranean that the horizon feels like part of the home itself. From its south-west facing terrace, the day unfolds in colour: soft morning brightness, long hours of sun, and evenings that melt into golden sunsets over the water. Set on the third floor and easily accessed by lift, the apartment enjoys a peaceful vantage point above the promenade while keeping the sea within sight and sound. Inside, it carries the promise of transformation — a generous layout, constant natural light, and unmistakable potential. With modernisation, it could become a calm coastal retreat or a strong investment in one of the Costa del Sol's most energetic seaside towns. The community is well maintained and offers the convenience of communal parking, a rare advantage in such a prime location. Step outside and Fuengirola opens up around you within minutes: Plaza de la Constitución with its cafés and local charm, the marina with its relaxed waterfront atmosphere, and the ever-popular Bioparc are all an easy stroll away. Transport connections are effortless too, with the Fuengirola train station linking directly to Málaga, the airport, and the wider coast. Life here is framed by choice — beach bars, restaurants, boutiques, and everyday amenities all close enough to become part of your routine. It's a setting where the sea sets the pace and the town provides everything else. Contact us to arrange a viewing
