Description

Refurbished 3 Bedroom Duplex in Puerto del Carmen This is a rare opportunity to acquire a beautifully refurbished duplex in an exceptional location, just two streets back from the seafront. Properties of this quality, condition and proximity to the avenue rarely come to market. The ground floor features a bright open-plan kitchen, dining and living area, designed for modern, comfortable living. This level also benefits from a full bathroom and a useful storage room under the stairs. From the living area, you step out onto a south-facing terrace, ideal for enjoying the sun throughout the day. To the rear of the kitchen, there is an additional terrace providing practical and private outdoor space. Upstairs, the property offers three well-proportioned bedrooms and a complete family bathroom, with the master bedroom enjoying partial sea views. The duplex was fully refurbished less than two years ago and is presented in excellent condition throughout. To the front of the property, a large private driveway provides easy off-road parking and offers the potential to be adapted into an outdoor entertaining area or private jacuzzi space. Please note: the master bedroom and the ground-floor living and dining area include example furnishing images to help illustrate layout and design possibilities. Located within a short walk of the avenue, beaches and amenities, this property combines location, quality and flexibility, making it an outstanding option for a main residence, holiday home or investment.
