Description

*****REDUCED JUNE 2026***** In a quiet corner of Riviera del Sol, this first floor apartment sits within a community where short-term holiday rentals are fully permitted, giving the property an appealing dual identity: a comfortable home by the sea and a ready-made investment opportunity. The complex is one of the area's favourites, known for its relaxed atmosphere and well-kept surroundings. The apartment itself feels bright and welcoming from the moment you step inside. The living area opens directly onto a broad private terrace, a space that naturally becomes an extension of the home for meals outdoors, lazy afternoons or evenings in the warm coastal air. Inside, the layout includes two spacious bedrooms and two bathrooms, with the main bedroom enjoying its own en-suite. A fitted kitchen sits alongside a separate utility room, keeping the practical side of daily life neatly tucked away. Life in the community is centred around its shared facilities. Two swimming pools offer plenty of room to unwind, while the on-site gym provides a convenient place to stay active. The gardens and communal areas are carefully maintained, and lift access throughout the building ensures easy movement for residents and guests alike. The apartment also comes with its own underground parking space and a storage room, adding valuable convenience. The location brings everything together. A short ten-minute walk leads to Los Olivos Commercial Centre, where shops, cafés and restaurants create a lively local hub. Continue a little further and the beach opens up ahead, making it easy to enjoy the coastline without relying on a car. Altogether, this is a property that balances lifestyle and practicality, offering a comfortable base on the Costa del Sol with strong appeal for permanent living, holiday escapes or rental income.
