Description

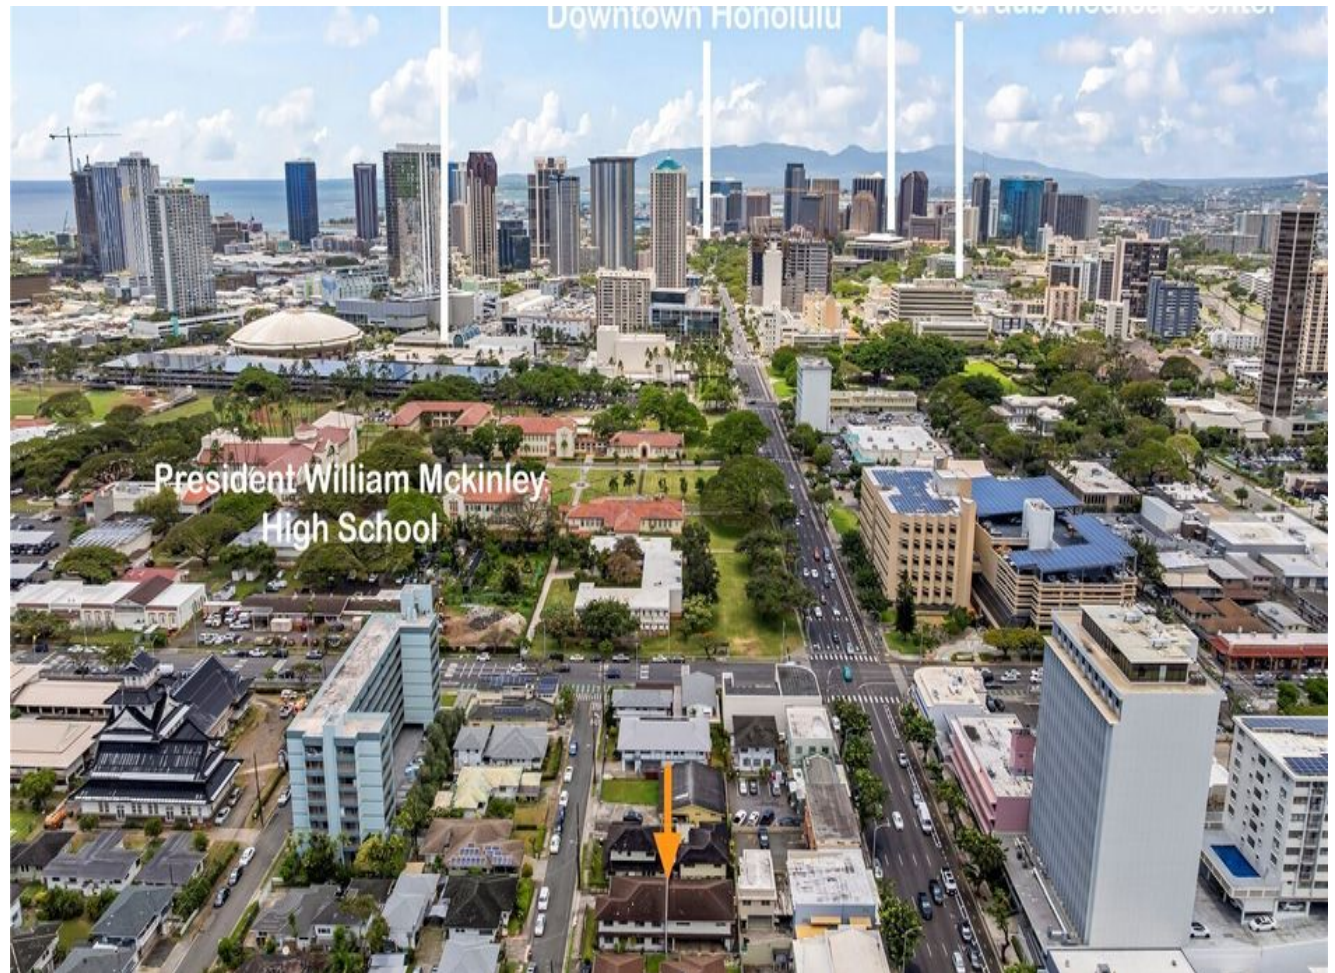

Rare Kakaako live-work opportunity in the centrally located Kakaako Community Development District. Situated on approximately 6,000 sq. ft. of level land, this versatile property features three separate living areas offering exceptional flexibility for owner-occupants, remote professionals, shared living arrangements, guest accommodations, or supplemental rental income. The spacious floor plans and generously sized rooms are ideal for home offices, consulting spaces, creative studios, study areas, wellness rooms, or other personal workspaces while maintaining comfortable residential living. Three distinct living areas create privacy and separation, making it easy to balance living, working, and hosting on one property: Upstairs: 3-bedroom, 2-bath residence (~1,241 sq. ft.); Downstairs: a move-in ready 3-bedroom, 2-bath unit (~1,201 sq. ft.); above the carport: 3-bedroom, 2-bath ADU built in 1997 (~1,128 sq. ft.). A rare urban convenience, this property also offers a 6-car tandem carport and long driveway. There is the opportunity to combine with the neighboring duplex (additional 6,000 sq. ft. lot) for future redevelopment potential or a larger multigenerational compound.
