Description

From the moment you arrive, this home makes an impression. A welcoming front porch, mature shade tree and beautifully manicured landscaping perfectly frame the timeless white stone exterior, creating curb appeal that immediately feels warm and inviting. Step inside and discover a floor plan designed to adapt to every stage of life, whether you love entertaining, hosting family gatherings or simply enjoying extra space to spread out. Just beyond the foyer, the formal living room and formal dining room create elegant spaces for celebrations, holiday dinners or quiet evenings at home. The heart of the home is the stunning island kitchen where abundant workspace, stylish finishes and the attached breakfast area make everyday living effortless. Open to the family room with its cozy fireplace, this central gathering space is ideal for everything from busy mornings to relaxed nights in. Upstairs, a massive flex room offers endless possibilities. Create the ultimate home theater, game room, playroom, fitness area or media retreat theres room for it all. When the day is done, the spacious owners suite provides a peaceful escape with room for oversized furniture and a spa-inspired bathroom featuring a soaking tub, separate shower and an expansive walk-in closet. Out back, the inviting covered patio with an open extension overlooks a backyard filled with mature trees and lush landscaping, offering the perfect setting for cookouts, morning coffee or evenings spent unwinding outdoors. This is more than a house its a place where everyday moments feel special.
