Description

This lovingly and meticulously updated 5-bedroom craftsman colonial is move-in ready for summer. Just add memories! Located a stone's throw from the scenic cove, boating, fishing, and skating are practically at your doorstep. From the circular drive, you're welcomed by an expansive mahogany porch ready to host dinner parties for twenty! Inside, distinctive architectural details abound, including beautiful hardwood floors, crown molding, wainscoting, coffered ceilings, diamond-paned windows, charming window seats, custom built-ins, and a stunning wood-burning fireplace. A three-story addition and major renovation enlarged the contemporary style eat-in kitchen, added a new powder room and back deck, expanded a bedroom, and created a light-filled recreation room in the basement. The sunroom was also completely remodeled, ideal for a family room or office. The primary bedroom suite opens to a spacious rebuilt deck shaded by cherry blossoms, and French doors reveal a luxurious jetted tub in the primary bath. Two additional large bedrooms and bath complete this floor. The 3rd floor offers 2 more large bedrooms with gorgeous arched windows, plus a handsome new hall bath. The home has been fully insulated, and there's a brand new roof. Outside, the .6 acre carefully-curated yard blooms with color, delighting a myriad of birds, and the level backyard is ready for sports. Mountain Lakes offers top schools, 9 lakes, miles of hiking, and a welcoming community, all just 30 miles from NYC.
