Description

Welcome to an exceptional opportunity in one of Honolulu's most desirable hillside neighborhoods Maunalani Heights, off Wilhemina Rise. Tucked away on a quiet, peaceful cul-de-sac, this property offers breathtaking panoramic views stretching from east of iconic Diamond Head, over Waikiki, out to the Pacific Ocean- capturing stunning sunsets to the west, and sweeping coastal scenery that simply cannot be duplicated. Create your dream home! A major fixer upper with tremendous upside, the existing home offers 3 bedrooms (tax records reflect 2), 2 sizeable covered lanais on upper and lower levels, and a yard filled with various mature and fruiting trees. Lower level may have been improved without permits for increased interior space. Doesn't match tax records. The value here is the land, location, and extraordinary view plane. Bring your contractor, architect, and your dreams. Whether you renovate, reimagine, or rebuild, this property presents a rare chance to create something special in an unbeatable setting. Priced less than land value, unlimited potential opportunities like this are few and far between. Do not step onto lanai; do not visit property without appointment.
