Description

Set on a private .43-acre property in the sought-after Indian Forest neighborhood, this fully rebuilt and expanded 6-bedroom, 5.1-bath residence offers over 5,000 square feet above grade plus a finished lower level. Taken to the studs in 2006, it blends timeless architecture with modern systems. A 32-foot-wide covered front porch sets the tone. Designed for elevated living, the main level features a banquet-sized dining room and expansive living room with fplc, built-ins, wet bar, and French sliders to partially covered bluestone patio. Refreshed in 2020, the kitchen features Taj Mahal quartzite, premium appliances, large island and walk-in pantry, flowing into a sunroom with backyard access. Two first-floor bedrooms and two full baths offer flexibility, including an office option. An oversized mudroom and spacious laundry room with 2nd staircase. Upstairs are four bedrooms and three baths (including a Jack & Jill). The primary suite features a tray ceiling, dual walk-in closets and bath with steam shower. Two bedrooms include charming play nooks. Custom closets and abundant storage throughout. The finished lower level offers a recreation room, 900-bottle wine cellar, workshop and powder room. The heated in-ground pool anchors the private backyard. Radiant floors throughout the first level and all full bathrooms, whole-house audio, Marvin windows, generator, two-zone CAC, sprinklers and oversized 2-car garage complete this rare offering.
