Description

Suddenly, one of the most compelling opportunities in town! Spacious, versatile, and sitting on a gorgeous half-acre flat lot, this 4/5-bedroom, 3.5-bath split-level offers the kind of square footage and flexibility buyers are constantly searching for but rarely find in Florham Park at this price point. Sun-filled living spaces, oversized rooms, hardwood floors, crown moldings, and an easy flow designed for both everyday living and entertaining. The eat-in kitchen is filled with natural light from a large bay window, while the living and dining rooms OPEN Seamlessly to a composite deck overlooking the beautiful backyard. Upstairs, the primary suite features THREE closets and a private bath! Two additional large bedrooms and a spacious hall bath with a large vanity round out the second floor. Then comes the surprise buyers won't expect: a massive upper-level recreation room plus a 4th bedroom and full bath, creating the perfect setup for a luxury primary retreat, guest suite, or home office. The ground level adds even more flexibility with a large family room, powder room, and a 3-season porch that extends the living space beautifully. And for buyers thinking long-term, there's approximately 700 sq ft of additional ground-level space with a separate entrance offering exciting potential for a future in-law suite, private guest quarters, home business setup, gym, or bonus living space with the right vision and renovation.
