Description

Well kept rambler in quiet neighborhood featuring a welcoming front porch, stone accented exterior, and a spacious three car garage with ample storage. The main level offers freshly refinished hardwood floors, a vaulted family room filled with windows and fireplace anchor, and an open kitchen with granite countertops and generous cabinetry. The formal dining provides a nice separation from the otherwise open living space. The primary suite offers a generous sized en-suite bathroom with dual sinks and separate shower/bath. You will also find a walk-in closet and optional laundry hookup which could be true one floor living. The walkout lower-level adds a large family room with a dry bar, a second gas fireplace, a full laundry room, bathroom, the third bedroom, and a flex-room for office, play, or fitness. Walking out the slider you will find the nicely landscaped lot with the patio and beautiful pergola providing private outdoor setting ideal for dining and entertaining. Located in a well established neighborhood close to parks, schools, and community conveniences.
