Description

Rare lake shore property on recreational Silver Lake! Set on an approximately 1.1-acre point/peninsula with about 250 feet of shoreline, this spacious walkout rambler offers sweeping 180-degree lake views and a setting that feels private, peaceful, and truly special. Enjoy lake views from the living room, family room, dining room, kitchen, two-story sun room, and lower-level flex room. The dramatic two-story sun room, wraparound deck, shoreline patio, and private dock create incredible spaces to relax, entertain, and take in the water from nearly every angle. Silver Lake is an approximately 75-acre recreational lake where residents can enjoy boating, water sports, swimming, fishing, and quiet sunset views. The DNR stocking report shows Silver Lake has been stocked with species including walleye, bluegill sunfish, black crappie, northern pike, and yellow perch in recent years. The home features an attached two-car garage plus a designated tuck-under boat garage with driveway access, making lake life even more convenient. Updates include roof, siding, and windows in 2011, plus deck replacement and retaining wall work in 2016. Located on a cul-de-sac, this property offers a rare combination of lake shore lifestyle, privacy, usable indoor/outdoor living space, panoramic water views, and dock.
