Description

Wonderful neighborhood, impressive large level property and a beautiful addition- Welcome Home! Features include: a well-maintained split-level home with great curb appeal. Inviting foyer leads to formal living room with soaring cathedral ceilings and wall of windows. Lovely open floor plan continues to expanded formal dining room with lots of windows and natural light. Updated kitchen with stainless steel appliances, a double oven, peninsula, and a center island leading to a bright and charming breakfast room with bay windows overlooking the property. The ground floor offers a bedroom with a full bathroom and a den, presenting a wonderful opportunity based on your lifestyle needs. Second floor includes: Three additional, nice size bedrooms and updated full bathroom + powder room. Additional attributes include hardwood floors, updated windows in bedrooms, finished basement with laundry room and cedar closet, central air conditioning, whole house generator, 1 car garage, fenced in property, shed, sprinkler system. Enjoy the outdoors: expansive flat property with an oversized deck and a hot tub. The stunning yard is perfect for entertaining, whether hosting a party with friends or a fun ball game. This home is very well maintained and in a great location close to James Fallon Elementary school within a top rated school district. Just minutes to shopping, restaurants, Trader Joe's, town library, Whole Foods, parks, major highways, and NJ Transit Bus and Train Center.
