## Description

Tucked at the end of a cul-de-sac in Mill Creek, this is the kind of home people wait for. Big, bold, unforgettable - with the space to truly live, entertain, and make memories on a grand scale. Offering 4 bedrooms, 4 bathrooms, a private den, and an enormous bonus room, this home was designed for flexibility and fun. Whether you need space for guests, multigenerational living, a game room, home theater, gym, or the ultimate hangout spot - this home delivers room for it all without sacrificing warmth or style. The heart of the home opens effortlessly to an incredible outdoor oasis that feels more like a private resort than a backyard. A stunning rock waterfall cascades into the sparkling pool, while the hot tub, expansive patio areas, and outdoor kitchen create the perfect setting for everything from quiet evenings under the stars to unforgettable parties with family and friends. Inside, the kitchen is both functional and full of character, featuring a hidden pantry that adds the perfect touch of charm and convenience while keeping everything beautifully tucked away. The fenced yard offers space to roam, while the massive 1,125 sq. ft. garage is a dream for car enthusiasts, hobbyists, storage needs, or all the toys that come with Florida living. And with major updates already completed - including a 2023 roof and new air conditioners in 2024 - buyers can focus less on projects and more on enjoying everything this exceptional home has to offer. Homes with this much personality, functionality, and entertaining power rarely hit the market in Mill Creek. LOW HOA and NO CDD fees
