Description

This lovely 3 bedroom, 2.5 bath condominium lives like a single-family home; it is spacious and bright and sits on an expansive lot with a great backyard in the heart of Medfield. Inside you'll appreciate the pretty views of Baxter Park across the street. The 1st floor includes a family room, kitchen, sunroom and powder room. On the 2nd floor you'll find 2 bedrooms, and each one has it's own en-suite full bath. The 3rd floor is a very large space that could be divided into a bedroom with office area, or if needed, set it up as 2 bedroom areas. The basement is heated and partially finished and would be great as a playroom or a home office. The detached 1 car garage provides extra storage space in the pull down attic above. There is also convenient built in shelving and cabinets to keep you well organized. This home is ideally located in town, and is very close to shops, restaurants, and schools. Great alternative to a single family home at a great price!
