Description

Beautiful 4-bedroom, 2-bath home with 1,734 sqft sitting on a corner lot with a 2-car carport in a nice neighborhood close to shopping and highly rated schools. This home has been updated throughout, including a kitchen renovation completed in February 2026 with quartz countertops, a renovated primary bathroom, and new flooring in the laundry room. Fresh paint inside and outside gives the home a bright, clean feel. Additional updates include new window blinds, new faucets in the kitchen and both bathrooms, and brand-new French doors with screen doors. The fireplace can be used with either firewood or propane logs, making it perfect for cozy evenings at home.
