## Description

This is your opportunity to be the beneficiary of owning a well-cared-for, one-owner home in a great location that offers multi-generational living situation. The care taken is obvious as soon as you drive up and are greeted by the warmth of the cedar exterior and coordinating brown tones. Step inside to discover a home offering two primary suites: the original upstairs one and the spacious, downstairs one added in 2018, complete with a sleek bath featuring a beautiful, walk-in, glass and tile shower situated directly under a well-positioned skylight. Additionally, there's a large tub, dual vanities, a walk-in closet and LVP flooring. The updated kitchen features warm wooden, shaker-style cabinets that seamlessly blend with the plentiful granite counters and stainless steel appliances. The laundry "room" is quite impressive and almost doubles as a butler's pantry. Cabinets abound and a farmhouse-style stainless steel sink could serve as a prep area or be a great dog wash station. There are two living areas to choose from. The original living area you walk into offers a vaulted ceiling, a wood-burning fireplace and five large windows that bring in copious amounts of natural light. Additionally, the sunroom offers 5 windows and a well-placed transom. The downstairs flooring features a rich wood tone in the original areas of the home and a wood-look LVP throughout the addition. Upstairs there are 3 bedrooms, one being the original primary suite, which includes an ensuite bath and walk-in closet. The other two bedrooms share a tastefully appointed bath with tile flooring and tub surround. Step outside onto a covered porch overlooking a beautifully landscaped and partially fenced yard. The garage was thoughtfully designed to accommodate more than just a vehicle. A parking pad allows for flexible parking. While this home provides an experience you never want to leave, when you do, you'll find yourself surrounded by everything you need. You are less than a mile from Target, Lowe's Home Improvement, Cinemark Bistro, and a variety of restaurants and entertainment options, or you can enjoy a relaxing walk around scenic Lake Lynn. As if that's not enough, the crawlspace is encapsulated and added a dehumidifier (2025). New water heater (2025) The roof was replaced in 2012 and the HVAC was replaced in (2018). There is no HOA. If you're looking for the one that's move-in ready, this is it!
