## Description

Classic architecture & beautifully curated grounds define this inviting Woodside home set on more than one-third acre moments from the town center. Stone-clad exteriors, newly planted lawns, & a picture-perfect approach introduce interiors that are warm, welcoming, & thoughtfully designed for everyday living. Natural light fills the home through expansive windows, hardwood floors, detailed millwork, & a floor plan that offers both openness & comfortable separation of spaces. Main living areas transition easily from formal rooms to casual gathering spaces, welcoming family room & well-appointed kitchen designed for both function & connection. Lower-level recreation/media room adds flexibility for entertainment or office use. Privately located primary suite with jetted tub & steam shower, bedroom with its own outside entrance & adjacent bath ideal for guest quarters. Outdoor living is a central focus, with a large arbor-covered deck extending from the home & terraced grounds below featuring a play area & garden spaces, all enhanced by refreshed landscaping. Located on a cul-de-sac street in the Woodside Glens neighborhood, with acclaimed Woodside School & offers a combination of traditional appeal, updated comfort, & an exceptionally convenient setting with a true sense of retreat.
