## Description

SOPHISTICATED ANTIQUE INSPIRED HOME OF TIMELESS CHARACTER-SEATIDES Looking for space, sea breezes, and a solid investment? Positioned on a sought-after corner double stand, this expansive double-storey home is a rare find in Seatides. Known for its unique character and iconic rounded balconies, this property offers the kind of footprint you just don't find in modern developments. Whether you have a large extended family or you're looking for a property with serious rental potential, this is the one. This home was built for living large. With 5 spacious bedrooms and 4 bathrooms, there is no more fighting over the shower in the morning. 3 Bedrooms feature private en-suites, perfect for guests or older children. The Master Suite serves as a private retreat with plenty of cupboard space and direct access to those elevated views of the Indian Ocean. A dedicated study provides the ideal "work from home" setup or a quiet spot for the kids to handle homework. The heart of the home is a massive, farm-style kitchen—the kind where everyone naturally gathers. With a separate scullery, tons of counter space, and storage for every gadget you own, it's built for big Sunday lunches and effortless entertaining. Flowing from the kitchen, you'll find: Two separate lounges, giving the adults and kids their own space. A formal dining room for those big family celebrations. Signature rounded balconies that wrap around the home, perfect for sundowners while watching the waves. The real "X-factor" here is the double stand. In an area where land is becoming a premium, you have a massive yard and private courtyard. It's a blank canvas—perfect for a sparkling pool, a lush vegetable garden, or even a secondary dwelling (granny flat) to generate extra income. One of the greatest features about Seatides is its unique balance between privacy and accessibility. Residents enjoy a quiet residential environment while still being conveniently located near major transport routes, schools, shopping centres, and key business hubs, including Ballito, Umhlanga, and King Shaka International Airport. This central location makes daily commuting and travel effortless while allowing homeowners to enjoy the serenity of coastal living. Seatides continues to attract discerning buyers looking for a coastal address that offers both lifestyle and long-term value — making it one of the North Coast's hidden gems. This isn't just a house; it's a long-term investment in one of the North Coast's most steady-growing suburbs. See the scale and the views for yourself!
