Description

Welcome to the good life! If you love Macatawa summers, West Michigan beaches, and the year-round lifestyle Holland offers, this is your chance to have the dream! 6700 Ratcliff offers deeded Lake Michigan access just steps from your front door. Multiple outdoor living spaces make the most of this special setting, while sparkling water views from inside remind you just how close the beach is. The front composite deck is the perfect place to enjoy warm morning sun, while the back patio offers a more private, shaded retreat with direct access to the mudroom. Rinse off sandy feet, tuck away beach gear in the mudroom, and get ready for the next adventure--this home was made for lake living. Inside, you'll find 5 bedrooms, including one oversized bunk room with space for 3 sets of bunks, plus 4.5 beautifully updated bathrooms with a spa-like feel, and multiple separate living and recreation areas. The walkout lower level includes a full kitchen and heated floors, giving you even more room to host and gather with ease. Life at the lake starts here--don't miss your chance to make it yours.
