Description

Perfectly positioned in a private, serene setting, this spacious custom home offers beautiful views, exceptional natural light, and a versatile layout designed for both everyday living & entertaining. Featuring five bedrooms, a dedicated office, and three-and-one-half updated baths, the home also offers flexibility for a private guest suite on a separate living level. Step into the welcoming foyer and discover a spacious eat-in kitchen featuring wood cabinetry, granite countertops, stainless steel appliances including double ovens, gas cooktop, refrigerator, and dishwasher, along with a generous walk-in pantry offering abundant storage & convenience. The open-concept living and dining rooms create effortless flow and are enhanced by hardwood flooring, a wood-burning fireplace, and direct access to a sprawling deck overlooking the peaceful surroundings and wonderful winter views. The inviting family room opens to a beautiful stone patio, seamlessly extending the living space outdoors for relaxing or entertaining. A daylight walk-out basement with high ceilings offers exceptional potential for future recreation space, additional finished living area, or the perfect workshop. Additional highlights include beautifully renovated baths, hardwood flooring throughout most of the home (including under some carpeting), an oversized garage, generator, and outstanding indoor-outdoor living spaces. Move right in and enjoy the privacy, comfort, and versatility this special home has to offer.
