Description

Elevated coastal living perfectly positioned in San Francisco's desirable Parkside neighborhood, this beautifully renovated 4 bedroom 3 bath residence showcases sweeping panoramic ocean views, unforgettable sunsets, and a seamless connection between refined interiors and tranquil outdoor living. Originally renovated in 2015 prior to the seller's purchase, the home has since been further enhanced with approximately \$400,000+ in thoughtfully curated luxury improvements. Designed as a long term forever home, every detail reflects quality craftsmanship, warmth, and timeless modern design. Large updated \$60,000+ picture windows and expansive accordion glass doors frame the stunning ocean horizon while filling the home with natural light. The upper level features two spacious bedrooms and a dedicated office or third bedroom positioned to fully capture the breathtaking coastal views, creating an inspiring setting for both everyday living and working from home. The open modern kitchen features Labradorite Lemurian countertops and Fisher Paykel appliances. The lower level offers an additional bedroom and a generous family room complete with a wet bar, ideal for entertaining, guests, or multigenerational living. Indoor and outdoor living blend effortlessly with a spacious deck, terraced gardens, and beautifully designed gathering spaces. Enjoy farm to table living with custom planter boxes and a drip irrigation system, prepare meals in the outdoor kitchen featuring two Big Green Egg kamado grills, or unwind in the hot tub while watching the sun disappear into the Pacific. Fully owned solar installed in 2023, along with a new roof, and recently completed exterior paint further enhance the home's polished coastal presence. Thoughtful luxury details continue throughout, including spa inspired bathrooms featuring bidets and refined finishes that elevate everyday comfort. A rare opportunity to own a home where panoramic ocean views, exceptional design, and relaxed luxury come together with remarkable balance and intention.
